

Complete the Personality Survey

Last Modified on 10/23/2024 3:52 pm EDT

The **Personality Survey** is the O*Net Interest Profiler (O*Net IP). This survey helps you identify your interests and how they relate to the world of work.

It has 60 statements and takes about 15-30 minutes to complete. This is not a timed survey; you can start and restart it as needed.

There are no right or wrong answers.

You will rank different aspects of work that represent six work values: Achievement, Independence, Recognition, Relationships, Support, and Working Conditions.

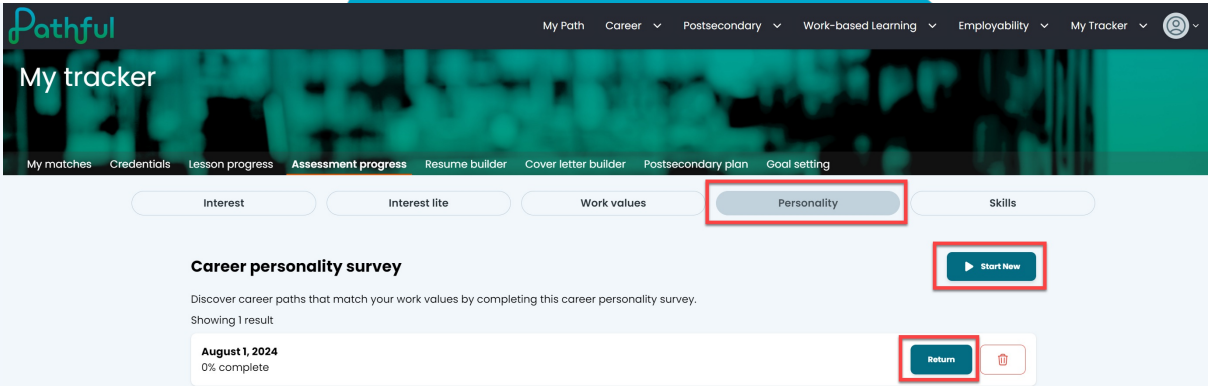

Your scores will help you identify your strongest work-related interests. Knowing your work interests can help you decide what kinds of jobs and careers you want to explore.

To complete a Personality Survey:

1. From the **My Tracker** menu, select **Assessment progress**.
