

Create a Custom Lesson

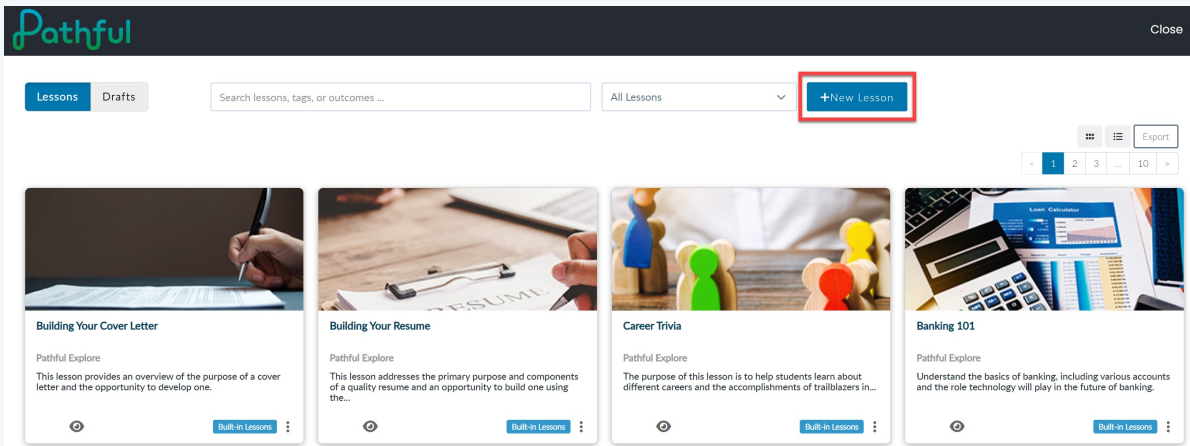

Last Modified on 10/22/2024 1:44 pm EDT

Pathful has many prebuilt lessons that you can assign to learners. You can also create custom lessons if you need them.

1. From your dashboard, select **+Create Custom Lesson**.

2. Select **+New Lesson**.

3. Complete the required fields and select **Create Lesson**.

CREATE LESSON

The information entered in any of the fields can be changed at any time, even after you publish the lesson.

Lesson Title *

Description

Estimated Time

Ex. 45 minutes

Create Lesson

4. Select **Add Image** to add an image to the lesson.
5. Select **Add Activity** to add various lesson segments.
6. Select **Save & Quit** to save a draft of your lesson.
7. Select **Preview** to see how the lesson will look to a learner once published.
8. Select **Publish Lesson** after you have completed creating the lesson. Once the lesson is published, it cannot be edited.

The screenshot shows the 'Edit Lesson' interface for a lesson titled 'Careers in Tourism'. At the top left is the Pathful logo and a 'Close' button. Below the title, there is a description: 'Build your lesson by adding activities below. Click the preview button at any time to view your lesson. When you're ready, publish your lesson so you can assign it to your users.' Below this are fields for 'Estimated Time: NA', 'Grades:', and 'Keywords:', along with an 'Edit Settings' link. The main area is divided into 'Edit Lesson' and 'Activities'. Under 'Edit Lesson', there are two segments: 'Lesson Introduction' (with a sub-description 'Introduce users to your lesson.') and 'Lesson Completion' (with a sub-description 'Write a closing message to your users.'). Below these is an 'Activities' section with a dashed border and a central 'Add Activity' button. At the bottom right, there are three buttons: 'Save & Quit' (blue), 'Preview' (yellow), and 'Publish Lesson' (green). A red box highlights the 'Add Image' button in the top left, the 'Add Activity' button, and the 'Save & Quit', 'Preview', and 'Publish Lesson' buttons.

9. Select the **Close** button at the top to return to your dashboard.
