

Create a Custom Lesson

Last Modified on 07/29/2024 11:59 am EDT

Pathful has many prebuilt lessons that you can assign to learners. You can also create custom lessons if you need them.

1. From your dashboard, select **+Create Custom Lesson**.
2. Select **+New Lesson**.
3. Complete the required fields and select **Create Lesson**.
4. Select **Add Image** to add an image to the lesson.
5. Select **Add Activity** to add various lesson segments.
6. Select **Save & Quit** to save a draft of your lesson.
7. Select **Preview** to see how the lesson will look to a learner once published.
8. Select **Publish Lesson** after you have completed creating the lesson. Once the lesson is published, it cannot be edited.
9. Select the **Close** button at the top to return to your dashboard.
