# Create an Assignment

Last Modified on 07/29/2024 12:09 pm EDT

1. From your dashboard, select **+New Assignment**.
2. Select a **Lesson Type** filter:
   a. **My Lessons**- custom lessons you created
   b. **Shared Lessons**- custom lessons created by someone on your license
   c. **Built-in Lessons**- lessons created by Pathful
3. Once you have located the desired lesson, select **Preview** to learn more about the lesson.
4. Select **Assign** to create the assignment for your learners.
5. Complete all of the assignment details.
6. Select users and admins.
7. Select **Create Assignment**. You can edit the assignment after it is created.
