

Common App Setup Process for Counselors and Teachers

Last Modified on 09/13/2024 11:39 am EDT

Follow the steps below to link with Common App and allow students to invite you to be a recommender. You will need to complete the steps in order.

1. At the beginning of the school year, one person from your school must Submit the School Profile.
2. Complete your Profile. This is a two-step process.
3. Once the above tasks are complete, you can begin submitting forms and providing recommendations for students to Common App via Pathful.
